

Nebraska Prescription Drug Monitoring Program (PDMP)

UPLOADING

Sending dispensed prescription data to the PDMP*

Who submits the data?

- Nebraska Pharmacies
- Mail-Service Pharmacies
- Remote Dispensing Pharmacies
- Other Dispensers (e.g. Dispensing physicians, Veterinarians)

Who submits the data?

- Register with RxGov at:

Submitter Registration Process

*Mandated by Neb. Rev. Stat. §71-2454

NEBRASKA PDMP SYSTEM

Stores dispensed prescription data

Who submits the data?

- PDMP collects all dispensed prescription drug information for Nebraska
- Data is stored in a secure database and encrypted
- Data is stored by dispensing record not by patient, prescriber or pharmacy
- Data in the PDMP is to be used by eligible credentialed health care professionals for treatment purposes and patient safety

ACCESSING

Accessing and viewing dispensed prescription data from the PDMP

Who Can Use Data for Treatment Purposes?

- Physicians / Nurses / Other credentialed health care professionals*
- Pharmacists / Designated licensed pharmacy staff*
- Dentists
- Other Dispensers (e.g. Dispensing physicians)

How to Register for Access:

- Complete the mandatory training and Access Form found at: PDMP Registration Process

*Individuals credentialed under the Uniform Credentialing Act
